

## Kim Bullock, M.D.

Address: 401 Quarry Rd. Stanford, CA 94305-5546  
Phone: (650) 714-1459  
Fax: (650) 723-9807  
Email: [kbullock@stanford.edu](mailto:kbullock@stanford.edu)

---

### Education

Psychiatry Residency, Stanford University, Stanford, CA	1997 - 2002
Internal Medicine Internship, Washington Hospital Center, Washington, DC	1994 - 1995
M.D., George Washington, Washington, DC	1990 - 1994
B.A., B.A. Animal Physiology, Psychology (honors with distinction), University of California, Revelle College, La Jolla, CA	1983 - 1989

### Current Position

Interim Director, Digital Mental Health Clinic	2021 - present
Director Virtual Reality & Immersive Technology Initiative	2018 - present
Director Virtual Reality & Immersive Technology Clinic	2016 - present
Director, Neurobehavioral Clinic School of Medicine, Stanford University, Stanford, CA	2012 - present

### Professional Experience

Attending, Dialectical Behavior Therapy Program	2012 - present
Attending, Inpatient Epilepsy Unit	2002 - present
Attending, Neuropsychiatry Clinic	2002 - present
Attending, Psychosocial Clinic	2002 - present
Super-attending, Inpatient Psychiatry	2002 - present
Consultant, Veterans Administration, Palo Alto, CA	2011 - 2015
Attending, Anxiety Clinic	2002 - 2008

### Academic Appointments

Clinical Professor Department of Psychiatry and Behavioral Sciences Stanford University Stanford, CA	2019 – present
Clinical Associate Professor Department of Psychiatry and Behavioral Sciences Stanford University Stanford, CA	2009 - 2019
Clinical Assistant Professor Department of Psychiatry and Behavioral Sciences Stanford University Stanford, CA Assistant Professor	2006 – 2009
Clinical Instructor Department of Psychiatry and Behavioral Sciences Stanford University Stanford, CA Assistant Professor	2002-2006

### Other Positions and Employment

Psychiatry XR Podcast creator	2022
Vice-President, Peninsula Community Services, INC, San Mateo, CA	2004 - 2011
Research Assistant, Department of Psychiatry, UC San Diego, Neuroimaging Lab La Jolla, CA	1989 – 1992
Writer, Department of Psychiatry, Veterans Administration, Neurobehavioral Research Center, UC San Diego, La Jolla California	1989

### Certification and Licensure

American Sailing Association - coastal navigation certificate	2022
Diplomate, American Board of Lifestyle Medicine	2017

Diplomate in Behavioral Neurology & Neuropsychiatry, United Council for Neurologic Subspecialties	2012
Diplomate, American Board of Psychiatry and Neurology	2006, recertified 2016
State of California Medical License, #A56037	1996

### Professional Memberships

<i>Society for Digital Mental Health</i>	2022 - present
<i>Royal Society of Medicine, Fellow</i>	2022 - present
<i>Functional Neurological Disorder Society, founding member</i>	2019 - present
<i>International Association of Cyber Psychology, Training, and Rehabilitation</i>	2017
<i>Society for Brain Mapping and Therapeutics, Board of Directors</i>	2017
<i>American College of Lifestyle Medicine</i>	2015 - present
<i>Physicians Committee for Responsible Medicine</i>	2013 - present
<i>American Neuropsychiatric Association</i>	2011 - present
<i>American Epilepsy Society</i>	2011
<i>Association for Behavior and Cognitive Therapies</i>	2006 - present
<i>Physicians for Social Responsibility- climate ambassador</i>	2002 - present

### Honors and Awards

<i>Stanford Psychiatry PGYI Didactic Teaching Award</i>	2021
<i>Special Thanks and Recognition Award, Palo Alto Veterans Administration</i>	1998
<i>Donald Glew Award for Student Research, George Washington University</i>	1994
<i>William Beaumont Society Research Award, George Washington University</i>	1990
<i>Departmental Honors with Distinction in Psychology, University of California, San Diego</i>	1989
<i>Chancellor's Leadership Award, University of California</i>	1987

### Academic Service

<i>Psychiatry Department Video Visit Digital Health Representative</i>	2019 - 2022
<i>Standing Well-being Committee, Department of Psychiatry</i>	2019 - present
<i>Brainstorm: Stanford Laboratory for Brain Health Innovation and Entrepreneurship, partner</i>	2017 - present
<i>Stanford Mental Health Technology &amp; Innovation Hub, board member</i>	2017 - present
<i>Reimagine Mental Health Initiative, member</i>	2017- 2018
<i>Stanford Psychiatry Immersive Technology Consortium, founder</i>	2017 - present
<i>Behavioral-Telehealth-Technology Committee, member</i>	2017 - present
<i>School of Medicine Senate, Senator</i>	2017 - 2018
<i>Diversity and Wellbeing subcommittee</i>	2018
<i>Stanford School of Medicine Senate, Alternate</i>	2015 - 2017
<i>Psychiatry CME Conference Planning Committee, member</i>	2014 - 2018
<i>Medical Monitoring of Psychotropic Medication Committee, member</i>	2014 - 2015
<i>Community Psychiatry and Behavioral Health Group, member</i>	2017 - present
<i>Conversion/Functional Neurological Disorder Consortium, founder</i>	2013 - present
<i>Grand Rounds and Ongoing Education Committee, member</i>	2012 - 2017
<i>Psychiatry Residency Psychotherapy Committee, CBT member</i>	2011 - present
<i>Cognitive Behavior Therapy Task Force leader</i>	2011 - 2012
<i>Stanford Psychiatry NAMI Walk Group, team leader</i>	2011 - present

### Educational Activities

See attached Teaching Portfolio

### Grants and Contract Awards

**CURRENT**

SPO-256876 **Bullock (PI)** 02/16/2022 to 08  
 Wu Tsai Neurosciences Institute \$50,000  
 "Extended Reality (XR) Enhanced Behavioral Activation for Treatment of Major Depressive Disorder"  
 The major aim of this translational project is to test the feasibility and efficacy of XR to deliver pleasa activities associated with behavioral activation in the treatment of major depressive disorder.

1R21AG073973-01 (Hosseini) 07/01/2021 - 06/30/2023 0.60 Calendar  
 NIH \$432,00  
 "Development of a cost-effective and neurobiologically valid VR assessment tool for early detection c  
 The major goal of this study is to develop and test a VR assessment tool for early detection of AD-re complex cognitive processes such as navigation and their association with brain networks.

**COMPLETED**

SPO: 133020 (Runfola) 01/01/18-12/31/21 0.36 Calendar  
 National Eating Disorders Association NEDA \$50,000  
 "The Acceptability and Feasibility of Implementing Virtual Reality to Enhance Outcomes with Eating Disorder Patients in the US."  
 The major goal of this study is the adaptation of virtual reality interventions to real-world clinical settings and is part of NEDA's initiative Feeding Hope Fund for Clinical Research Innovation Treatment category.

1% FTE Safer (PI) 2017- 2019  
 NEDA National Eating Disorders Association, The Feeding Hope Fund for Clinical Research  
 The study will assess the acceptability and feasibility of implementing Virtual Reality to enhance outcomes with eating disorder in US patients. Role: Consultant

1189192-305-DHCMV **Bullock (PI)** 01/01/18-12/31/18  
 Psychiatry Small Grants Program, Stanford  
 Virtual Reality Therapy for Functional Neurologic Disorder.  
 The goal of this study is to compare the effects and changes in symptom frequency of Mirror Visual Feedback delivered via a virtual reality platform to a placebo passive nonembodied virtual reality experience.  
 Role: PI

1R01MH105461-01A1 Rodriguez (PI) 01/01/16-7/31/18  
 NIMH  
 NMDAR Modulation As A Therapeutic Target and Probe of Neural Dysfunction in OCD  
 Overall goals: To determine how NMDA receptor modulation modifies the underlying pathology of OCD to relieve repetitive thoughts and behaviors.  
 Role: Independent Evaluator

1189192-104-DHCMV **Bullock (PI)** 01/01/2016 -12/31/17  
 Psychiatry Small Grants Program, Stanford  
 Virtual Reality Therapy for Functional Neurologic Disorder.  
 The goal of this study is to compare the effects and changes in symptom frequency of Mirror Visual Feedback delivered via a virtual reality platform to a placebo passive nonembodied virtual reality experience.  
 Role: PI

IPA-SXBQF Yesavage (PI) 02/2012-04/2015  
 This study examined the dissemination efficacy of the national VA training program roll out of evidenced based psychotherapies for veterans thru the Department of Veterans Affairs, Office of Mental Health. The specific component of the study included was "Cognitive Behavior Therapy for Depression Dissemination Project"  
 Role: Content Expert, Trainer

Research Incentive Fund Award Barry (PI) 9/01/02-9/01/04  
 Stanford University- OTL  
 The goal of this study was to evaluate the effectiveness of group psychotherapy for improving outcomes in patients with non-epileptic seizures.  
 Role: Co-Investigator

## Editorial Board Appointments

### Associate Editor

Virtual Reality in Medicine, Frontiers

2020 to present

### Peer Reviewer

Computer Methods and Programs in Biomedicine

### Abstracts and Presentations - \*invited

#### Oral Presentations

##### *National/International Meetings*

\*June 21, 2022  
Boston, MA

Workshop: Navigating Psychotherapy Treatment Challenges  
Presented at the 1st International Conference on Functional Neurological Disorder Society meeting

\*December 9<sup>th</sup>, 2021  
Royal Society of Medicine (RSM)  
Presentation and panelist: Virtual Reality And Augmented Reality Technologies For Mental Health  
Online episode of a series of Mind Matters webinars presented by the RSM Psychiatry section

\*May 18<sup>th</sup>, 2019 San Francisco, CA  
Workshop presenter: Functional Neurological Disorders-We're Virtually There: A Discussion on Neuroscience, Delivering Diagnosis and Virtual Reality Treatment at the 2019 American Psychiatric Association Annual Meeting

\*March 21, 2019  
Toronto, Canada  
KEYNOTE titled: "Immersive Technologies in Mental Illness"  
Presented at University of Toronto's Hospital for Sick Children's Neurosciences and Mental Health Program Symposium entitled "Neurosciences and Mental Health: The next 30 years."

May 9<sup>th</sup>, 2018  
New York, NY  
Workshop presenter: When Addiction Hits Home: Addiction in Our Own Families, Stigma in Addiciton and the Use of AA in One Family's Recovery  
at the 2018 American Psychiatric Association Annual Meeting

\* March 29, 2018  
Los Angeles, CA  
Presentation titled: "Virtual Reality Therapies in Neuropsychiatry"  
Presented at Cedar Sinai's 1st Annual Virtual Medicine: Best Practices in Virtual Medicine conference

\*April 27, 2018  
Vancouver, BC, Canada  
Presentation titled: "The Use of Virtual Reality for Somatic Symptom Disorders"  
Presented at the 34<sup>th</sup> Annual Meeting of the American Academy of Pain Medicine

\* July 20<sup>th</sup>, 2017  
London, UK  
Presentation titled: "Virtual reality in the treatment of functional neurological symptom disorder."  
Presented at the Royal Society of Medicine, joint meeting of the Clinical Neurosciences and Psychiatry supported by the European Psychiatric Association

\* May 1<sup>st</sup>, 2017  
Stanford, CA  
Invited oral presenter and panel member: "How Virtual Reality Technology Will Transform Healthcare"  
Presented at the Health Technology Forum's 2017 Innovation Conference

\*April 24<sup>th</sup>, 2017  
Fndhope.org website  
Invited specialist providing FND psychoeducation in webinar format on FNDhope.org consumer self-help website

\*April 18<sup>th</sup>, 2017  
Los Angeles, CA  
Invited oral presentation: "Mirror Therapy for Psychosomatic Illness"  
Presented at the Society for Brain Mapping and Therapeutics 14<sup>th</sup> Annual World Congress

\* June 23<sup>rd</sup>, 2016  
Melbourne, Australia  
Invited oral presentation: "Group Dialectical-Behavior Therapy Skills Training for conversion Disorder with Seizures"  
Presented at the 8th World Congress of Behavioural and Cognitive Therapies

May 3rd, 2014  
New York, NY

Workshop presenter: Somatic Symptom and Related Disorders (SSRD) in Children and Adults: A Clinical Approach at 167th American Psychiatric Association Annual Meeting

\*October 4th, 2013

University of Washington, Seattle, Washington

Lecture entitled "DBT pilot for conversion disorder" at annual Dialectical Behavior Therapy Strategic Research Planning Meeting at Marsha Linehan's Behavioral Research and Therapy Clinics.

\*December 3, 2011

Baltimore, MD

Special Interest Group titled "Novel Interventions for the Diagnosis and Treatment of Psychogenic Nonepileptic Seizures."

Presented at the 65th Annual Meeting, American Epilepsy Society.

May 19, 2003

San Francisco, CA Symposium titled "Compulsive buyers: Treating the casualties of consumerism."

Presented a lecture on the pharmacotherapy for compulsive buying at the 156th annual American Psychiatric Association meeting.

### ***Local/Regional Meetings***

\*February 11, 2022

Stanford, CA

Invited Speaker: XR For Treating Mental Illness

Presented at Stanford's Wearable Electronics Initiative, eWEAR Annual Meeting Symposium 2022

\*August 12, 2020

San Francisco, CA

Virtual webinar: Extended Reality Technology Treatment for Behavioral Health

Presented at California Improvement Network Webinar Series, a project of the California Health Care Foundation managed by Healthforce Center at UCSF, an organization dedicated to helping health care organizations drive and navigate change.

\* February 12, 2019

Stanford, CA

Oral presentation: Human Impact

Presented at MediaX at Stanford University's H-STAR affiliate program entitled "Launching Alternative Realities and Understanding Implications"

\*November 1<sup>st</sup>, 2018

Stanford, CA

Lecture: Virtual Reality Technology Treatment for Mental Illness

Presented as part of the 2018 Stanford Health Library Lectures

\*October 13th, 2018

Stanford, CA

Lecture: "Mind-Body-Technology Connections: Functional Movement Disorders and Immersive Reality Treatments"

Presented at the 9<sup>th</sup> Annual *Bridging Breakthroughs in Neuroscience from Bench to Bedside* conference

Where: A Continuing Medical Education Conference presented by the Department of Neurology and Neurosurgery at Stanford University School of Medicine

\*October 13th, 2018

Stanford, CA

Presentation: "Virtual Reality in the Treatment of Functional Neurological Disorder"

Presented at the 4<sup>th</sup> Annual Innovations in Psychiatry and Behavioral Health: Adult Disorders, Technology, and Provider Wellbeing

Where: A Continuing Medical Education Conference presented by the Department of Psychiatry and Behavioral Sciences at Stanford University School of Medicine

\* May 1st, 2017

Stanford, CA

Invited oral presenter and panel member: "How Virtual Reality Technology Will Transform Healthcare"  
Presented at the Health Technology Forum's 2017 Innovation Conference

\*October 4th, 2016

San Francisco, CA

Invited oral presentation: "Virtual Reality Mirror Therapy for Functional Neurological Disorder"

Presented at Athena Health, Virtual Reality in the Practice of Medicine

\*February 26th, 2016

February 14th, 2017

Santa Clara, CA

oral presentation entitled: "The Basics of Cognitive Behavior Therapy and Dialectical Behavior Therapy"

Presented to NAMI Santa Clara County Consumer Advisory Council

## **Poster Presentations**

### ***National/International Meetings***

March 10, 2021,

Los Angeles CA

Panelist for talk by resident entitled: "Virtual Reality And Child & Adolescent Psychiatry"

Presented at Semel Institute for Neuroscience and Human Behavior at UCLA Child & Adolescent

Psychiatry Grand Rounds.

March 22<sup>nd</sup>, 2019

Chicago, IL

Poster titled: "Embodied Virtual Reality Mirror Visual Feedback for an Adult with Cerebral Palsy"

Presented at the 30th annual meeting of the American Neuropsychiatric Association.

March 16, 2019

New York, NY

Poster titled: "Virtual Reality Cue Exposure Therapy for Eating Disorders: Development of a Culturally Specific Manual in the US for Use in a Real World Clinic Setting"

Presented at the annual International Conference on Eating Disorders

September 8th, 2017

Edinburgh, Scotland, UK

Poster titled: "Virtual Reality Delivered Mirror Visual Feedback for Functional Neurological Disorder"

Presented at the 3rd International Conference on Functional (Psychogenic) Neurological Disorders

September 8th, 2017

Edinburgh, Scotland, UK

Poster titled: "Documentation Bias in Functional Neurological Disorders: Comparing the Prevalence and Documentation of Suspected FND with Common Neurological Disorders"

Presented at the 3rd International Conference on Functional (Psychogenic) Neurological Disorders

June 26-28th, 2017

Wolverhampton, UK

Abstract and Poster titled: "Virtual Reality Delivered Mirror Visual Feedback for Psychosomatic Symptoms Using Limb Swapping"

Presented at the 22nd CyberPsychology, CyberTherapy, and Social Networking Conference (CYPSY22) at University of Wolverhampton

April 19th, 2016

Vancouver, BC

Poster titled: "Documentation Bias in Functional Neurological Symptom Disorder: Comparing the Prevalence and Documentation of Neurological Symptom Disorder and Parkinson's Disease"

Presented at the 68th annual meeting of American Academy of Neurology

March 18th, 2016

San Diego, CA

Poster titled: "Psychological Characteristics and Treatment Outcomes in Functional Neurological Symptom Disorder Patients Undergoing Group Psychodynamic and Dialectical Behavioral Therapies" Presented

at the 27th annual meeting of the American Neuropsychiatric Association.

March 28th, 2015

Orlando, FL

Poster titled: "Emotion Regulation in Functional Neurological Symptom Disorder Patients Receiving Group

Dialectical Behavior Therapy Skills Training”

Presented at the 26th annual meeting of the American Neuropsychiatric Association.

April 4, 2013

Boston, MA

Poster titled: “Dialectical Behavior Therapy for Conversion Disorder: A Pilot Study.”

Presented at the 24th annual meeting of the American Neuropsychiatric Association.

April 29, 2012

Burlingame, CA

Lin, G., Tai, C., Trettin, L.J., Bullock, K.D., & Keller, J. (2012, April). Empowerment and Self- Defense Skills Training for Women with History of Interpersonal Violence.

Paper presented at the 92nd Annual Convention of the Western Psychological Association.

April 26, 2012

Burlingame, CA

Poster titled: “ Dialectical Behavior Therapy Skills Groups for Conversion Disorder: A Pilot Study.”

Presented at the 92nd Annual Convention of the Western Psychological Association.

April 20, 2012

Monterey, CA

Poster titled: “ Dialectical Behavior Therapy Skills Groups for Conversion Disorder: A Pilot Study.”

Presented at the 2012 California Psychological Association Convention.

November 10, 2011

Toronto, Canada Poster titled “Dialectical Behavior Therapy Skills Groups for Conversion Disorder: A Pilot Study.” Presented at the 16th annual conference, International Society for the Improvement of Teaching Dialectal Behavior Therapy.

December 3-8, 2004

New Orleans, LA

Poster titled “Group Psychotherapy for Patients with Non-Epileptic Seizures - A pilot study.”

Presented at the 58th Annual Meeting, American Epilepsy Society.

December 3-8, 2004, New Orleans, LA

Poster titled “Comparative study of childhood trauma in epilepsy and non-epileptic seizure patients.” Presented at the 58th Annual Meeting, American Epilepsy Society

May 27-30, 2003, Boca Raton FL

Poster titled “Double-blind oral morphine in treatment resistant obsessive-compulsive disorder.”

Presented at the 43rd annual NCDEU meeting.

May 17-22, 2003

San Francisco, CA

Poster titled “Double-blind oral morphine in treatment-resistant OCD.”

Presented at the 156th Annual Meeting, American Psychiatric Association.

May 17-22, 2003

San Francisco, CA

Poster titled “Pharmacotherapy for compulsive buying.”

Presented at the 156th Annual Meeting, American Psychiatric Association.

May 17-22, 2003

San Francisco, CA

Poster titled “A one-year naturalistic follow-up of patients with compulsive buying disorder.”

Presented at the 156th Annual Meeting, American Psychiatric Association.

December 9-13, 2001

Waikoloa Village, Hawaii,

Poster titled “Citalopram for Compulsive Shopping Disorder: a double-blind study.”

Presented at the annual meeting of The American College of Neuropsychopharmacology

May 28-31, 2001

Phoenix, AZ

Poster titled “Oral morphine in treatment resistant obsessive-compulsive disorder.”

Presented at the 41st Annual NCDEU Meeting.

May 28-21, 2001

Phoenix, AZ

Poster titled "Citalopram treatment of compulsive shopping: An open-label pilot study."  
Presented at the 41st Annual NCDEU Meeting.  
May 5-10, 2001  
New Orleans, LA

Poster titled "Citalopram treatment of compulsive shopping: An open-label pilot study."  
Presented at the 154th Annual Meeting of the American Psychiatric Association.

December 10-14, 2000  
San Juan, Puerto Rico,  
Poster titled "Citalopram Treatment of Compulsive Shopping: an open-label pilot study."  
Presented at the annual meeting of the American College of Neuropsychopharmacology.

March 29 - April 1, 2001  
Sardinia, Italy  
Poster titled "Double-Blind Oral Morphine in Treatment Resistant Obsessive-Compulsive Disorder."  
Presented at the 5th International OCD Conference.

### **Poster Local/Regional Meetings**

June 9th, 2017  
Stanford, CA  
Poster titled: "Documentation Bias in Functional Neurological Disorders: Comparing the Prevalence and Documentation of Suspected FND with Common Neurological Disorders"  
Presented at the Stanford University School of Medicine Neuroscience Forum Symposium

\*September 26th-27th, 2016  
Stanford, CA  
Invited Neurolab demonstration of use of Virtual Reality in the Department of Psychiatry and Behavioral Sciences  
Presented at Stanford Brain Summit

May 9th, 2016  
Stanford, CA  
Poster titled: "Documentation Bias in Functional Neurological Symptom Disorder: Comparing the Prevalence and Documentation of Neurological Symptom Disorder and Parkinson's Disease"  
Presented at the 2nd Annual Resident Quality Improvement/Patient Safety Symposium

May 29th, 2015  
Stanford, CA  
Poster titled: "Emotion Regulation in Functional Neurological Symptom Disorder Patients Receiving Group Dialectical Behavior Therapy Skills Training"  
Presented at the 2015 Stanford University School of Medicine Neuroscience Forum.

### **Specialty Training**

2017- 2018	Monthly virtual reality augmented cognitive behavior therapy supervision and case consultation with VR master clinician, Elizabeth McMahon, Ph. D.
2017	Plant-Based Nutrition Certificate, eCornell and T. Colin Campbell Center for Nutrition Studies
2016	Virtual Reality Exposure Therapy for Phobias, Virtual Reality Cue Exposure Therapy for Addictions by Virtually Better, Inc. Marat V. Zanov, PhD, ABPP
2014	200h Ashtanga Yoga Teacher Training
2013	Certified T.E.A.M. Cognitive Behavior Therapist and Trainer: level 5
2011 – 2012	Intensively trained in Dialectical Behavior Therapy by Behavioral Tech
2010 – 2015	Weekly supervision in dialectical behavior therapy by Craig Forte, MSW
2011	Weekly supervision in time limited psychodynamic psychotherapy (TLDP) with Katherine DeWitt, Ph.D.
2009	Completed Clinical Teaching Faculty Seminar, by Stanford Faculty Development Center for Medical Teachers
2006- 2012	Monthly supervision from Jacqueline Persons, Ph.D. at San Francisco Center of Cognitive Therapy
2002 – 2011	Monthly supervision from David Burns, MD in TEAM model of psychotherapy

### **Research**

1987 to 1989

Department of Psychiatry, Veterans Administration, UC San Diego, La Jolla, CA

Advisor: Igor Grant, MD.  
Alcohol Research Program studying the neuropsychological effects of alcohol dependence.

- 1989 Department of Psychiatry, UC San Diego,  
Advisor: Igor Grant, MD  
Neurobehavioral Research Center, a multidisciplinary inquiry into the neurologic and neurobehavioral effects of HIV.
- 1989 to 1992 Department of Psychiatry, UC San Diego  
Advisor: Terry Jernigan, Ph.D.  
Research assistant and magnetic resonance imaging technician for studies involving multiple cognitive and psychiatric disorders.
- 2000 to 2002 Anxiety Clinic, Department of Psychiatry, Stanford University School of Medicine  
Advisor: Lorrin Koran  
Involved in clinical trials for refractory obsessive-compulsive disorder (OCD) using oral morphine and intravenous clomipramine. Designed and implemented clinical trial using SPECT in an OCD cognitive activation paradigm. Clinical trials of citalopram for compulsive shopping.
- 2002 to present Neuropsychiatry, Stanford University School of Medicine  
Primary Investigator: John Barry, MD  
Comparison study between inpatients with epilepsy and non-epileptic seizures with emphasis on childhood trauma. Examining group therapy interventions for conversion disorder, seizure type using cognitive behavioral, psychodynamic and dialectical behavioral orientations of therapy.
- 2010 to 2016 Neuropsychiatry, Stanford University School of Medicine  
Primary Investigator: W. Curt La France Jr., MD, MPH  
Administering cognitive behavior therapy in a pilot multi-center randomized, controlled trial of non-epileptic seizure (CBT) patients treated with either flexible dose sertraline, CBT, CBT plus sertraline, or treatment as usual.
- 2010 to 2016 Neurobehavior Clinic, Stanford University School of Medicine  
Principal Investigator: **Kim Bullock, MD**  
Dialectical Behavior Therapy (DBT) skills training and Functional Neurological Disorder.
- 2011 to 2014 Stanford University School of Medicine  
Principle Investigator: Jennifer Keller, Ph.D.  
Performing physical exams for study determining the feasibility of a class which combines psychoeducation and psychological skills training with physical self-defense training in women with a history of physical and/or sexual violence.
- 2011 to 2012 San Francisco Center for Cognitive Behavior Therapy, Oakland, CA  
Principal Investigator: Jacqueline Persons, Ph.D.  
Participated in piloting online platform funded by Evidenced Based Practice Institute (EBPI), NIH prime using online progress tracking (OPT).
- 2011 to 2015 Veterans Health Administration  
Cognitive Behavior Therapy (CBT) training consultant for a study examining the dissemination effects of CBT training for depression as part of a national evidenced based initiative for treatment of veterans.
- 2013 to 2015 Stanford School of Medicine  
Principal Investigator: Dolores Gallagher  
Project: Faculty Seed Grant for innovative online and blended courses.  
Description: Use of Blended Learning Technologies to Create a forum for Learning and Reflection: Enhanced Mastery of Cognitive Behavioral Therapy Skills.
- 2012 to 2015 Department of Surgery  
Principal Investigator: Sabine Girod  
Description: Use of Group Therapy to Improve Outcomes in Orthognathic surgery

2015 to 2016	Department of Psychiatry Principal Investigator: Sepideh Bajestan Description: Functional Neurological Symptom/Conversion Disorder Psychodynamic Group versus Dialectical Behavior Therapy skills training.
2015 to present	Department of Psychiatry Principal Investigator: Athena Robinson Description: Assessing Effectiveness of Evidence Based DBT Skills Training Groups in an Outpatient Clinic Setting.
2015 to 2018	Department of Neurology Principal Investigator: Katherine Emily Leaver Description: Investigating Prevalence of Documented versus Suspected Functional Neurological Disorder
2016 to present	Department of Psychiatry Principal Investigator: <b>Kim Bullock</b> Description: Computer based T.E.A.M. Feasibility and Efficacy Study
2016 to present	Department of Psychiatry Principal Investigator: <b>Kim Bullock</b> Description: Virtual Reality delivered Mirror Visual Feedback for Functional Neurological Symptom Disorder

## Teaching Portfolio

### University/Hospital Teaching

Course Name:	Stanford Psychiatry Grand rounds
Description:	Virtual Reality Therapies for Functional Neurological Disorder patients"
Date:	June 14, 2018
No. of Times:	once, 1 hour
To Whom:	Stanford University Department of Psychiatry and community
Where:	Stanford University, School of Medicine, Psychiatry Department of Behavioral Sciences
Course Name:	Essentials of Inpatient Psychiatry - Therapeutic Alliance
Description:	Interactive workshop introducing concepts and research on therapeutic alliance. Experiential learning to improve interpersonal skills in creating bonds, goal agreement, and commitment.
Year:	2012 - 2022
No. of Times:	6, two 1.5-hour lectures
To Whom:	10 – 12 Stanford PGY1 psychiatry residents and medical students
Where:	Stanford University, School of Medicine, Psychiatry Department outpatient clinics
Course Name:	CNR-X Clinical Neuroscience & Research Experience
Description:	Virtual Reality and Mental Health
Year:	August 9th, 2017 and 2018
No. of Times:	twice
To Whom:	Chinese high school students (various grade levels), Chinese adult chaperones, and staff mentors (college students or college grads)
No. of Students:	18
Where:	Stanford University, School of Medicine, Psychiatry and Behavioral Sciences
Course Name:	Psychology Postdoctoral Seminar
Description:	Functional Neurological Disorder
Year:	March 5 <sup>th</sup> , 2018
No. of Times:	1
To Whom:	Psychology Postdoctoral interns

No. of Students: 18  
Where: Stanford University, School of Medicine, Psychiatry and Behavioral Sciences

Course Name: Functional Neurological Disorder Support Group  
Description: Monthly meeting created in the Neuroscience Supportive Care Program  
Year: July 10th, 2017  
No. of Times: 1  
To Whom: patients and caregivers  
No. of Students: 9  
Where: Stanford Neuroscience Health Center, 213 Quarry Road, Wellness Room, Palo Alto, CA

Course Name: CME Pain Medicine Didactic Lecture Series  
Description: Functional Neurological Disorder & Virtual Reality Therapies  
Year: June 23, 2017  
No. of Times: 1  
To Whom: Department of Anesthesiology, Perioperative and Pain Medicine  
No. of Students: 20 plus videoconference attendees  
Where: Redwood City Pain Clinic Conference Room

Course Name: Functional Neurological Disorder  
Description: Presentation and video recording thru Stanford Health Library patient and community education presentation and archival medical psychoeducation. <http://www.shlnews.org/?p=1334>  
Year: May 25th, 2017  
No. of Times: 1  
To Whom: providers, patients, community, and caregivers  
No. of Students: 40+  
Where: Stanford health Library, Hoover Pavilion, Palo Alto, CA

Course Name: Headache Division Didactic Lecture Series  
Description: Somatic Symptom Related Disorders  
Year: December 7, 2016, April 5th, 2017, May 1<sup>st</sup>, 2019  
No. of Times: 3  
To Whom: Stanford Department of Neurology, Headache Division  
No. of Students: 8-10  
Where: Stanford Hoover Building

Course Name: 3rd Annual Innovations in Psychiatry and Behavioral Health: Virtual Reality and Behavior Change  
Description: Co-course director of Continuing Medical Education (CME) conference presented by the Department of Psychiatry and Behavioral Sciences.  
Date: October 6-7, 2017  
No. of Times: once, 1 hour  
To Whom: International and local clinicians and community and stakeholders  
Where: Stanford University, School of Medicine, Department of Psychiatry and Behavioral Sciences, Li Ka Center Shing Center

Course Name: Psychiatry Grand rounds  
Description: Dialectical Behavior Therapy (DBT) for the Non-DBT Practitioner Complexities, and Practical Applications  
Date: April 13, 2017  
No. of Times: once, 1 hour  
To Whom: Stanford Psychiatry Department and community  
Where: Stanford University, School of Medicine, Department of Psychiatry and Behavioral Sciences, Li Ka Shing Center

Course Name: Movement Disorder Lecture Series  
Description: Virtual Reality Therapies for Functional Neurological Disorder  
Year: December 5, 2016, May 28, 2019  
No. of Times: 2  
To Whom: Stanford Department of Neurology, Movement Disorder Division  
No. of Students: 18  
Where: Stanford Neurosciences Building

Course Name: Essentials of Inpatient Psychiatry  
Description: Inpatient DBT for Mood Disorders

Year: 2016-2022  
No. of Times: twice, 1.5 hours  
To Whom: 12 Stanford PGYI psychiatry residents and medical students  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: Neurology Grand Rounds  
Description: Dialectical Behavior Therapy for Functional Neurological Symptoms  
Disorder Date: September 5, 2014  
No. of Times: 1  
To Whom: Stanford Neurology Department and community  
Where: Stanford University, School of Medicine, Department of Neurology, Clark Center

Course Name: Dialectical Behavior Therapy  
Description: DBT Principals & Treatment  
Year: Fall 2014  
No. of Times: 1  
To Whom: PGY4 psychiatry residents  
No. of Students: 12  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: Conversion Disorder Workshop  
Description: DBT treatment of Conversion Disorder  
Year: Spring 2014  
No. of Times: 1  
To Whom: PGY3 psychiatry residents  
No. of Students: 12  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: Advanced Psychopharmacology, Case Studies  
Description: Social Anxiety, Panic Disorder  
Year: Winter 2014  
No. of Times: 2  
To Whom: Stanford PGY3 psychiatry residents  
No. of Students: 12  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: Peer Support Group Training  
Description: Demonstration of Peer Support during Adverse Event  
Year: Winter 2014  
No. of Times: 1  
To Whom: Physician Well-Being Committee members  
No. of Students: 10  
Where: Stanford Hospital & Clinics, Li Ka Shing Center for Learning and Knowledge

Course Name: CLIN 722 Palo Alto University - Dialectical Behavior Therapy  
Description: Guest lecturer on application of DBT on Functional Neurologic Symptom Disorder  
Year: May 13, 2013, February 26, 2013

No. of Times: 2  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics  
To Whom: Psy. D. Palo Alto Psy D. graduate students

Course Name: Functional Movement Disorder (FMD) Inservice for Physical Therapists  
Description: Use of Physical Therapy in the Treatment of FMD  
Year: November 15, 2013  
No. of Times: 1  
To Whom: Stanford Hospital physical therapists and occupational  
No.: 9  
Where: Stanford Hospital, Department of Physical Rehabilitation

Course Name: Movement Disorders Conference  
Description: Guest lecturer on Functional Neurologic Symptom Disorder  
Year: January 22nd, 2013  
No. of Times: 1  
To Whom: neuropsychologists, residents, medical students, neurology residents, movement disorder fellow  
No.: 10  
Where: Stanford University, Department of Neurology, Movement Disorder Clinic

Course Name: Behavioral Activation: An Effective Intervention for Late Life Depression Description: Part of a 20 Webinar series offered by The Stanford Geriatric Education Center "Applying Best Practices to Diverse Older Adults"  
Year: April 2012  
No. of times: once, 1 hour  
To Whom: physicians and primary care providers caring for elders and their families from diverse cultural backgrounds  
Where: Stanford Geriatric Education Center in collaboration with California Area Health Education Center, American Geriatric Society, and Natividad Medical Center

Course Name: Primary Care Demonstration of Behavioral Activation  
Description: Created online video and course designed to train residents to implement behavioral activation for the treatment of depression in culturally diverse older adults  
Year: April 2012  
No. of times: once, 2 hour  
To Whom: Natividad Family Medicine Residents  
Where: Li Ka Shing Center, Stanford Geriatric Education Center in collaboration Natividad Medical Center

Course Name: Stanford Psychiatry Residency Behavior Medicine Rotation Description: Behavior Medicine Seminar/ Cognitive Behavior Therapy Didactic  
Year: January 2010 to 2012  
No. of Times: weekly  
To Whom: Stanford PGY 3&4 psychiatry residents

Course Name: Cognitive Behavior Therapy Bootcamp for Psychiatry  
Residents Year: June 2011 and July 2012  
No. of Times: 2, 1 and half day workshop  
To Whom: Stanford PGY-3 Psychiatry Residents  
No. of Students: 12  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: Psychiatry Grand rounds  
Description: Case Conference: Colluding with the medical workup of somatically focused patients" Date: November 10th, 2011  
No. of Times: once, 1 hour  
To Whom: Psychiatry department and community

Where: Stanford University, School of Medicine, Psychiatry and Behavioral Sciences  
Course Name: Therapeutic Alliance  
Description: Psychiatry residency Thursday didactics Year: January 2010 - 2012  
No. of Times: 3, 12-week course in winter quarter To Whom: Stanford PGY 1 psychiatry residents Students: 12  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: PGY2 Semi-structured Group  
Description: Agenda Setting, Motivational interviewing  
didactic Year: Fall 2010  
No. of Times: 1  
To Whom: Stanford PGY2 psychiatry residents  
No. of Students: 12  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: PGY1 Process Group Description: Psychiatry residency  
didactics Year: September 2009 – June 2010  
No. of Times: 1, weekly for 9 months  
To Whom: Stanford PGY 1 psychiatry residents  
No. of Students: 12  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: INDE 205, Practice of Medicine Description: Psychiatric Interview  
Preceptor Year: 2009  
No. of Times: 1, 3 two-hour sessions  
To Whom: Stanford University medical students  
No. of Students: 6

Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: PSYC 300A, Core Psychiatry Clerkship Description: Anxiety Disorders Year: 2008 to 2010  
 No. of Times: 5, 1.5 hours  
 To Whom: Stanford University medical students  
 No. of Students: 8-12

Course Name: Introductory Seminar - PSYC 111Q, Madness and the Womb: Mental Illness in Women Through the Centuries  
 Description: Hysteria in the 21st Century - guest lecturer  
 Year: September 2008 and January 2012, January 2013, January 2016  
 No. of Times: 4, 2hour lecture  
 To Whom: Stanford University undergraduates  
 No. of Students: 6-18  
 Where: Stanford University, Department of Psychology

Course Name: David Burns TEAM model of psychotherapy  
 Description: Co-leader and participant Tuesday evening didactics and supervision  
 Year: 2002 to present  
 No. of Times: quarterly  
 To Whom: psychology graduate students, psychiatry residents, medical students and affiliated local mental health providers  
 No. of Students: 5-30  
 Where: Stanford University, Department of Psychiatry

### Supervision (Research, Clinical, Thesis)

2022- present	Cassandra Eng, Stanford T32 CIBSR Postdoctoral Fellow Mentor for Clinical VR
2022- present	Margo Paul, Psy.D Stanford Psychology postdoctoral fellow Primary Research Supervisor
2022 – present	Jordana Gardenswartz, Stanford PAU Consortium Psy.D candidate DBT for FND Practicum Supervisor
2022 – present	Annemarie Jagielo, Stanford PAU Consortium Psy.D candidate DBT for FND Practicum Supervisor
2022 – present	Matthew Becker, Stanford PAU Consortium Psy.D candidate Digital Mental Health Research Practicum Supervisor
2022 – present	Jacob Merrin, Stanford PAU Consortium Psy.D candidate Digital Mental Health Research Practicum Supervisor
2022 – present	Nicholas Taylor Bisconti, Stanford PAU Consortium Psy.D candidate Digital Mental Health Research Practicum Supervisor
2020- present	Sara Johansen, MD Stanford Psychiatry Resident Supervisor VR and Digital Mental Health Clinic
2020- present	Michaela Moss, PAU Psy.D candidate Dissertation chair, DBT Practicum Supervisor
2020	Leah Hotchkiss, PAU Psy.D candidate DBT Practicum Supervisor
2020	Ricardo Lozano Jr, MD Psychiatry Resident CBT Psychosocial Clinic Supervisor
2020	Dexter Lee Louie, MD Psychiatry Resident CBT Psychosocial Clinic Supervisor
2019	Isela Pardo, MD Psychiatry Resident CBT/VR Psychosocial Clinic Supervisor

2018	Savita Bhakta, MD Clinical Assistant Professor at University of California, San Diego Visiting scholar host
2018	Tarini Goya, MD Neurology Resident Neuropsychiatry elective supervisor
2018 – 2019	Luciana Giambarberi, MD Neuropsychiatry Fellow Supervisor
2018 –2019	Aryan Fotros, MD Neuropsychiatry Fellow Supervisor
2018	Meenakshi S. Denduluri, MD Psychiatry Resident CBT/VR Psychosocial Clinic Supervisor
2018	Diana Wu, MD Psychiatry Resident CBT Psychosocial Clinic Supervisor
2018	Collin Holtzinger, PAU Psy.D candidate Dissertation Chair
2018 - present	Margot Paul, PAU Psy.D candidate DBT & VR Practicum Supervisor Dissertation Chair
2017 -2018	Sarah Tymchuk, MD Psychiatry Resident Supervisor
2017 -2018	Sharon Niv, Ph.D. Palo Alto University Intern Practicum Supervisor
2016-2017	Nazlie Faridi, MD Neuropsychiatry Fellow Supervisor
2016-2017	Anna Frenklach, MD Neuropsychiatry Fellow
2015-2016	Monica Evenson, MD Psychiatry Resident CBT Psychosocial Clinic Supervisor
2015-2016	Chase Warren, MD Psychiatry Resident CBT Psychosocial Clinic Supervisor
2015-2016	Shani Isaac, MD Psychiatry Resident CBT Psychosocial Clinic Supervisor
2015	Juliana Lockman, MD Psychiatry Resident DBT Group supervisor
2014-2018	Raquel Friedman, Psy. D candidate Dissertation chair, DBT Practicum Supervisor
2015-2016	Iulia, Ivan, PAU Ph.D candidate DBT Practicum Supervisor
2015-2016	Lillian Jasmine Dobbs-Marsh, PAU Psy.Dcandidate DBT Practicum Supervisor
2015-2016	Krista Powell, PAU Psy.D candidate DBT Practicum Supervisor
2015-2016	Samantha Buckman, PAU Psy.D candidate DBT Practicum Supervisor

2015-2016	Ariela Karasov, MD - Neuropsychiatry fellow Neurobehavioral Clinic Attending Supervisor
2015-2016	Jesse Adams, MD - Neuropsychiatry fellow Neurobehavioral Clinic Attending Supervisor
2015-2016	Andrea Ament, MD Psychosocial Clinic CBT individual supervisor

2015	Margaret May, MD IPC Clinic Supervisor
2014	Josh Tal PAU Ph.D candidate DBT Practicum Supervisor
2014	Zlatena Theodore PAU Psy.D candidate DBT Practicum Supervisor
2014	Anna Frenklach, MD Psychiatry Resident Psychosocial Clinic CBT individual supervisor
2014	Smita Das, MD Psychiatry Resident Psychosocial Clinic CBT individual supervisor
2014	Ariela Karasov, MD Psychiatry Resident Psychosocial Clinic CBT individual supervisor
2013-14	Sepideh Bajestan, MD Neuropsychiatry Fellow Neurobehavior Clinic supervisor
2013-14	Dahlia Woods, MD Psychiatry Resident Psychosocial Clinic- CBT/DBT/IPC/TEAM individual psychotherapy supervisor
2013	Fredrick Bennett, MD Psychiatry Resident Psychosocial Clinic CBT individual supervisor
2013	Ruby Shandilya, MD Psychiatry Resident Psychosocial Clinic CBT individual supervisor
2013	Gillian Reiersen, MD Psychiatry Resident Advisor
2013-14	Chaniga Vorasarun, PAU Psy.D candidate DBT Practicum Supervisor
2013-14	Nadia Haasan, MD Psychiatry Resident Advisor
2013-14	Jessica Crawford, MD Psychiatry Resident Independent Scholarly Concentration elective, Neurobehavior clinic rotation Supervisor
2013	Jennifer Dore, MD Psychiatry Resident Psychosocial Clinic- CBT individual supervisor
2013	Sepideh Bajestan, MD Psychiatry Resident Neuro-Behavior Clinic - DBT group supervisor
2012 -13	Alexandra Thurston PAU Psy.D candidate DBT Practicum Supervisor
2012	Christina Mather Psychiatry Resident Behavior Medicine Clinic- CBT individual supervisor
2012	Nadeem Hasaan PAU Psy.D candidate DBT Practicum Supervisor

2011 -12	Sepideh Bajestan, MD Psychiatry Resident Behavior Medicine Clinic- CBT individual supervisor
2011	Valaiporn Rusmintratip Psychiatry Resident Behavior Medicine Clinic- CBT individual supervisor
2011	Vandana Aspen Psychology Fellow Behavior Medicine Clinic- CBT individual supervisor
2010 -11	Thalia Robakis, MD Psychiatry Resident Individual Psychotherapy Clinic supervision
2010	Caroline Corriveau, MD Psychiatry Resident Behavior Medicine Clinic- CBT individual supervisor
2010	Rajani Rajan, MD Psychiatry Resident Behavior Medicine Clinic- CBT individual supervisor
2010	Zaakir Yoonas, MD Psychiatry Resident Behavior Medicine Clinic- CBT individual supervisor
2010 -12	Nida Mirza PAU Psy.D candidate Dissertation Chair
2009 - 10	Nida Mirza, PAU Psy.D candidate DBT- Practicum Supervisor
2009	Katherine Giles PAU Psy.D candidate DBT - Practicum Supervisor
2009	Ana Arteaga PAU Psy.D candidate DBT - Practicum Supervisor
2008 -9	Caroline Paterno, MD Psychiatry Resident Advisor
2005 -11	Epilepsy Fellows Neurology Residents
2005 - 10	PGY 3&4 Psychiatry Residents Neuropsychiatry Clinic
